Pass Refunding Bond Ordinance

An ordinance authorizing the issuance of \$35,000 refunding bonds to pay the outstanding public benefit charges against the village of Arlington Heights, was passed by the village board Monday night. The ordinance, as is required by law, is published in this week's issue of the Herald and to pay interest and to retire bonds provides for the extension of an annual tax that is considerably less than the tax previously levied each year for such purpose.

DRIVE ON LICENSE FEES BRINGS RESULTS

The efforts of the police department to force payment of license fees, both business and vehicle, netted the village \$552 the past month. The total vehicle tax purchased this year amount to \$3,367.75; business licenses, \$1,633.

DELINQUENT WATER REPORT

The treasurer's office was instructed to prepare as soon as possible the July delinquent water report for action by the board. The rising expenses of city government require complete collection of fees due the municipality.

PARK DISTRICT ASKS FOR WATER OF BEST QUALITY

The Arlington Heights park board has asked the village for special rates for its water supply. As one taxing body to the other the village is not quoting bargain prices at present. As buyer the park board can not say very much except that they demand water of the best quality, or no pay.

RETIRE OUTSTANDING WARRANTS

The treasurer's office reported receipts of \$11,927.66 from the local tax collector, which had been used to retire \$11,000 of outstanding tax warrants. The remaining \$4,000 of such warrants will be paid from the receipt of taxes of the second installment.

The Arlington Park Jockey Club has paid the annual \$500 fee for use of sewer system.

TELEPHONE CO. ASKS ERECTION OF POLES IN STONEGATE

Due to the paving of Foundry road, it is necessary to move a number of poles of the Illinois Bell Telephone Co. at Stonegate. Mindful of the situation in Stonegate, the village is withholding permit until the property owners of that subdivision can have the opportunity to be heard.

ASKS PAYMENT OF SNOW PLOWING BILL IN JULY

Henry Piepenbrink is not very different than coal dealers who ask payment of last winter's coal bills in the summer time, except that Henry's bill is for plowing snow. The village dads did not mind paying the bill, but the presence of the item among list of bills approved that night, was a gentle reminder to the aldermen that it will not be so very long before winter problems are before them. Henry when he presented the bill to the finance committee said, "I thought I had better bring in the bill before it is time to do some more plowing of snow."

Police Dept. Acts To Lower Accidents At Dangerous Corner

Realizing that many motorists do not readily see the traffic light at State road and the Northwest Highway, Arlington Heights police department has erected a second stop sign upon the right hand side for the special benefit of motorists from Chicago. Adjoining trees have also been trimmed as a safety measure. The stop light will be in operation as soon as the Public Service Co. makes the necessary connections.

Until last month, Arlington Heights had an enviable accident record, but that record has been shot full of holes since the race track opened.

Creamery Package Revises Building Plans Due To Business Outlook

The village of Arlington Heights has made a lot of effort to provide the needed cement roadway to the Creamery Package plant, but the business outlook has caused that company to revise its original building plans which now call only for a building addition of 80x60 feet. Practically all of the underground work on the newly opened Ridge avenue, has been completed by Contractor Milburn. The cost of the improvement will come from the village share of state gas tax money.

IN BLACK HILLS

Dr. and Mrs. A. G. Prieto left Wednesday on a vacation to the Black Hills, Yellowstone Park, and Lake Louise. They stopped in Dallas Center, Iowa, where two of their nephews joined them on the trip. Dr. Prieto expects to return by August 8.

Prospect Heights Spreads Out

Smith and Dawson Add 250 Acres; Business Structure Designed

Smith & Dawson, creators of Prospect Heights, a new community development north of Mt. Prospect, have purchased fifty acres at the northwest corner of Elmhurst road and McDonald road and have secured an option on two hundred additional acres. The two tracts, combined with two hundred acres already owned, will give the firm a total of 450 acres for their Prospect Heights development.

As pioneers the Smith & Dawson company are shaping the present population of 200 into a village settlement. An application will be filed shortly asking for a postoffice. An early American type building to contain a business center and community house has been designed by Architect Carl J. Kastrop that will contain stores, a community hall, postoffice, and apartments. Eighteen of the thirty-four new homes have already been sold, according to Smith & Dawson. Two acres of the fifty acre plot just acquired have been set aside for a park and recreational space. Other small parks and playgrounds throughout the 450 acre development are intended.

Although no plans have yet been made, it was learned that Smith & Dawson intend to use the next unit of land to be acquired (the 200 acres just optioned) for broadening the scope of the entire development. Instead of the ordinary checkerboard layout, the 200 acre section will have winding roads, many of them dead end thoroughfares, to provide home sites without the hazards and noise of through traffic.

The Smith & Dawson development so far has more than kept pace with the predictions of its promoters. There are now fifty-three families living in five and six room homes which had a price range of \$4,000 to \$6,000 without the land. All have been built during the last two years.

The last fifty acres purchased have been platted into fifty-seven home sites of slightly less than one acre each. The ultimate home building goal of the entire development is nearly five hundred units. All are being financed through the Percy Wilson Mortgage company with Federal Housing administration insured mortgages ranging as high as 90 per cent of the value of land and building.

No "Gyp" Gasoline In Arlington Heights

When buying gasoline for your car, it is well to remember that your local service station proprietor is a "square-shooter" and is supplying you with a quality product that you can depend on.

With a gasoline price cutting war in full blast in the Chicago area, many motorists are being misled by the low prices being offered by "gyppers" who misrepresent the better grades of gas with cheap, low-grade substitutes.

The slogan of Arlington's service stations is "We do not gyp our customers" and they are urging you to buy your gasoline at home. The way to be sure you are getting the kind of gasoline you want is to buy from the man who sells nothing but that kind.

Twelve Arlington Heights Service Stations have an important announcement on Page 4 of this issue.

Did Not Obey Stop Sign; Damages \$700

Robert Tyrrell, of Minneapolis, traveling on Arlington Heights road, did not notice the stop sign at the intersection of Algonquin road Sunday night. Adam Rocking of Elgin was driving the second car. There was a crash with resultant damages of \$700 to the two cars.

Mr. Brockman asks the Herald to express his appreciation to those who attempted to extinguish the blaze.

HERMAN BAUMAN HEADS LEGION

Herman Bauman was elected commander of Arlington Heights American Legion post last week. Elmer Crane is senior vice commander and Paul Carroll is junior vice commander.

The other officers are Harvey Daggett, finance officer; D. Ripley, adjutant; J. Wisersky, chaplain; R. Swanson, historian; John Schwilow, Sgt. at Arms; Delegate to 9th district, L. Griffith, Geo. Palmer, alternate; delegate to Cook County Council, M. H. Browne, Paul Carroll alternate; delegate to state convention, Geo. Palmer, Herman Bauman, alternate.

Show Little Interest In Zoning Ord.

Small Attendance At Public Hearing

Either Arlington Heights and adjoining property owners are not interested in one plan for the Arlington Heights territory or they have confidence that the members of the village board and the zoning commission will do the right thing. "Red Ink" scare heads in last week's Herald only attracted on Tuesday evening, a majority of the board members, three members of the zoning board and three citizens. The plan was discussed, but no action was taken upon the ordinance by the village board.

The matter will again come before that body Monday, August 1. In the scare of a shack town that would threaten property values in Arlington, there was a great hue and cry. Now that the village board considers the passage of an ordinance that would prevent such a happening, nobody appears to be interested.

Mayor Flentje was unwilling to pass the ordinance without first giving the public a second opportunity to be heard.

Farm Home Burns To Ground; Gasoline Stove Is Blamed

The home of Ed. Brockman, north of Arlington Heights, on Rand road was burned to the ground Monday afternoon. The fire was evidently caused by a gasoline stove, although what actually happened is not known.

Mrs. Brockman had lighted the stove and left the house. A few minutes later her five year old daughter called her attention to the smoke that was coming from the house. She had only time to rush into the building and come out with a few private papers.

The older children of the family were in the field, the father away from home. A trip to a neighbor a half mile away was necessary in order to phone the Palatine Rural Fire Department.

Forty-five minutes had elapsed before the fire fighting equipment arrived on the scene. The garage, which was ablaze at the time, was saved from complete destruction. This building will be repaired and occupied by the family until a new home can be built.

The Brockmans lost all furniture, household goods and clothing, except what the members of the family were wearing at the time of the fire. They are residing with relatives for the present.

Mr. Brockman carried insurance on his furniture and home with the County Mutual Fire Insurance Co. He received a check for the insurance on his furniture Tuesday morning. Settlement for building loss will be made later.

Mr. Brockman asks the Herald to express his appreciation to those who attempted to extinguish the blaze.

Attack Thistles In A Big Way

Quick Action Starts After Publication of Herald News Story

Forest Preserve officials were a little late in instituting a drive against thistles, but they are making up for their tardiness by placing many gangs of men in all forest preserves of the county. It seems that as early as last January recommendations were forwarded by Rex Volz, local superintendent of Division one, for a thistle cutting program to the county department. Evidently with snow on the ground, the subject of thistles did not seem very urgent to the "higher ups" and nothing was done.

County Commissioner Wm. Busse and Rex Volz both realized the seriousness of the situation, but men seated in office chairs in the county building who were never farmers did not know the injustice they were placing on the rural districts of Cook county.

At the recommendation of Commissioner Busse, Louis Clark, Wheeling township thistle commissioner forwarded a letter upon the subject several months ago to the county board. Still nothing was done.

The farmers owning lands adjoining the preserves, became indignant and demanded action. Many township thistle commissioners threw up their hands in disgust, except John Kitson, Palatine thistle commissioner, who took his troubles to T. C. Hart, of the Herald staff.

Mr. Kitson submitted the evidence, and with the aid of a photographer and the pen of Mr. Hart, the thistle story was placed before the public.

It was not many hours before telephone wires were carrying orders from headquarters to cut the thistles at once. It was good news for Supt. Volz and for Commissioner Busse.

Mr. Volz placed the men assigned to his district at the worst infected places and with evidence that the county was marshalling forces against the weed, the farmers took on new hope.

Again the printed word has cut the red tape of officialdom.

East Maine Votes Favor New School

East Maine will have a new school house if the government accepts the application of the district for a grant of \$24,500. The citizens of the district voted last Saturday 166 to 104 in favor of a new building and approved the proposed bond issue of \$23,000. The cost of the school building, properly equipped is estimated to be \$53,000. The district has \$10,000 on hand in its building fund.

The present building was erected 36 years ago. An enrollment of eighty is expected in September. Additional room and an additional teacher is necessary to meet the educational requirements of the state and county.

Blowout Causes Car To Crash Post

A tire blowout was responsible for a Barrington driver crashing into a post on the Northwest highway, 2 miles north of Rohlfing road, Friday night. The driver was Phillip Wilkins, Route 2, Barrington.

Wilkins and George Lameczyk, 30, building contractor, Bartlett road and Higgins road, received first aid at the Community hospital, Palatine. Another passenger, Miss Esther Clark, 17, tavern hostess, Wauconda, was seriously injured and is still a patient at the hospital. Elmer Heide of Palatine, brought the injured to Palatine.

Speed Up Construction Work At Swimming Pool

Tell Frank

All the weeds and thistles are all cut in Arlington.

The above statement may start some citizens on a hunt to prove that some of the weeds have been missed, but the street department of the village has made an honest effort to get all of them cut on public property and has also done a lot of work on property of unknown owners.

It has been no small task and it has cost considerable money. The tractor-mower has again proven its adaptability for such work. Old time teams were also pressed into use. The appointment of Frank Gieseke as village thistle commissioner was officially approved by the village board Monday evening.

If you know of any thistles that have been missed, tell Frank.

Undiscovered Diphtheria Takes Two

Two Wheeling children are dead from diphtheria, a brother is in a serious condition at the County hospital and the mother is ill with diphtheria at the County contagious hospital. Early reports placed the blame for the deaths on undiscovered diphtheria germs. Later it was found that the diphtheria was contracted after an operation, the mother being found to be a carrier.

Those dead are two children of Mr. and Mrs. Alvin Landmeier, Ada, aged six and her baby brother, Melvin, had their tonsils removed in the County hospital a week before on July 8. The children's throats did not seem to improve and last Friday the parents became alarmed and took them back to the hospital where they were told to bring them in again in another week if they still did not improve.

On Sunday little Ada's condition suddenly became serious and she passed away in a short while. The family rushed Melvin and the baby in to the hospital again where the baby succumbed shortly afterward.

Wheeling business men provided a lot in Ridgewood cemetery where private interment was held Tuesday. Rev. Fechner officiated. Melvin Landmeier, an uncle of the children, was the only member of the family allowed to attend the funeral.

The parents were taken to the hospital and cultures taken where it was discovered that Mrs. Landmeier was a diphtheria carrier.

Rodewalds Is The Meeting Place On Hot Days

"Meet you at Rodewalds," has become the goodbye greeting over the phone of many Arlington Heights people who enjoy cooling drinks, a delicious Sundae or a big dish of ice cream. It is a real busy place these hot afternoons and evenings.

Quality and service comes above mere price at the Rodewalds ice cream parlor. The new owners have added many new lines to their stock and are building up a first class store. They have gigantic plans for the future which have not been disclosed.

Legion Carnival With Us

Many Attractions; Lots of Excitement; Good Entertainment

There is not a youngster in Arlington Heights who does not know that the annual Legion carnival is again with us. There are new rides and new attractions and choice of entertainment that means a big evening of fun for anybody and everybody according to Commander George Palmer. The legion promised that the 1938 variety would be bigger than anything previously attempted by the local post and it has made good that promise. Not the least of the extras is the stream lined train. (Sorry, but you grown-ups can't fit into the seats.)

Wistful eyes are cast each night at the new 1938 Chevrolet Deluxe sedan that will be given away Saturday evening. Everybody can't take home a new car, but there are merchandise prizes each night.

The carnival was ushered in with a drill by the Junior drum and bugle corps. The young people headed by Esther Daggett as the drum major made a great showing and won hearty applause from the spectators. This corps of young people have appeared frequently, but each succeeding event, they appear in better shape. Their director is Wm. Wiedermeier, of Norwood Park.

A carnival always has a special attraction. It is fun to be a mere sightseer and still more fun to join in the party. There are many booths, many ways to spend your nickels and dimes and before you go home, tired, but happy, there is the refreshment booth that does a big business early and late.

Arlington Graduates Of '35 to Picnic

The 1935 graduating class of Arlington Heights high school is holding a reunion at the new shelter house in Deer Grove this Sunday. The affair is the first of its kind ever to be held by a graduating class and promises to be quite an event.

All class members are urged to be there. Any others who were associated with this class at any time are also invited. Everyone is to bring their own lunch and take this opportunity to find out what the old gang has been doing the past three years.

A committee of ten, Miriam Noyes, Jane Thorson, Virginia Gieseke, Marcia Ruth Martens, Florence Patrick, Douglas Milligan, Ralph Spears, John Schulenburg, Albert Brodman and Carl Behrens are doing their best to round up the class of '35.

If you're interested and want further information call any one of the committee. Otherwise be with us in Deer Grove at noon, Sunday, July 24. Go in the east entrance on Dundee road and follow the "35's" to the shelter.

Griffith Initiates Life Insurance Men To Arlington Park

C. L. Griffith was in attendance three days this week at the annual convention of the Franklin Life Insurance Co. at the Edgewater Beach hotel. The mornings were spent attending to business and the afternoons in entertainment. Monday, Mr. Griffith invited the gang to visit Arlington Park. He did not promise to pay their losses, but reports that the boys had a great time although their rate books could give them no hope on the winners.

DRIVER CRASHES INTO CAR STOPPED FOR REPAIRS

Miss Dorothy Booth, 18, Dundee road and Rand road, received minor injuries when the car in which she was riding of John Schwartz, Quen-tin road and Chicago avenue, struck the car of Howard Thuen, 1345 Keeler avenue, Chicago, which was stopped for repairs at Kirchhoff and Rohlfing roads.

NONE HURT WHEN CAR OVERTURNS IN DITCH

Failure to stop completely on Wilke road at the Rand road intersection was responsible for Peter Wheeler, Milwaukee, Wisconsin, crashing into the side of the car of B. E. Caverly, McCullom Lake, who was driving on Rand road. The car overturned in a ditch. No one was injured.

FORTY OF 3RD. GENERATION PRESENT AT REUNION

Forty members of the third generation of the Busse family were introduced on the speaker's platform in Mt. Prospect July 3, during the Busse reunion celebration. Names of those who were inadvertently omitted from a story in this paper were Mr. and Mrs. J. P. Precht and Mrs. Herman Schwake of Mt. Prospect.

Double Shifts Used To Have Pool Operation Early In August

The Arlington Heights park board is not making any official promises as to the exact date when the swimming pool will be in operation, but Supt. Walter Koerber has confidentially set a goal for its opening the first Saturday in August. So folks, if you have no swimming suit, take the hint.

A visit to the pool Wednesday morning revealed a lot of things. The outstanding feature is, of course, the entire park project. Its immensity can not be fully realized by a passing view. A trip underground to the treatment works of the swimming pool; a survey of the showers and their accessories; a mental picture of the final appearance of the assembly hall, the committee room, and the office is convincing that the field house will be in use other than the swimming season and is one of the greatest investments that Arlington Heights has ever made.

However, it is from the prominent deck that the visitor gets his greatest thrill.

Easy chairs, colored umbrellas and the ornamental railings to guard against a fall to the ground below are not yet in place, but the visitor can see a gang of men in the big swimming pool applying the waterproofing, preparatory to filling the tank with water; the combination croquet-ground-skating rink for which excavation had started; stakes that set the boundary of the shelter house which will be erected between the ice pond and the ball diamond; the tennis courts and the soft ball diamond on the right, the shuffle board courts on the left and in the distance as fine a green lawn as can be found in any park.

Where there is today a pile of dirt, near the center of the park, it is the plan of the park board to erect a band shell, from which summer concerts can be given. There is probably not a stranger entertained in Arlington, but whom receives a passing view of that park. Completed, it will be the finest recreation plant of any suburb of less than 15,000 population west, northwest or north of Chicago.

Arlington Heights citizens have reason to be more than proud of what their park board with the aid of the tax payers dollars, is giving to the community.

Sufficient water has been taken from the city mains to test the filtration plant. It is in perfect condition and capable of filtering a thousand gallons of water a minute. The swimming tank will hold a half million gallons of water. Large pumps and four tanks of 5,000 gallons capacity change the water at an inconceivable speed.

The very latest equipment has been installed and the best there is is none too good for Arlington Heights swimmers.

Safety and economy are two guiding policies of the park district in all installation. When a boy steps under a shower and presses a button, exactly five gallons of water will be showered over him when it will automatically shut off. It will be impossible for swimmers to enter the pool without passing through treated water.

The diving boards and life guard stations are in position. The locker rooms are nearly ready. Some of the walls will not be painted but double shifts of workmen are doing their best to get the pool ready for the swimmers as soon as possible.

Junk Man "Buys" Hume Pipe Factory For Fifty Dollars

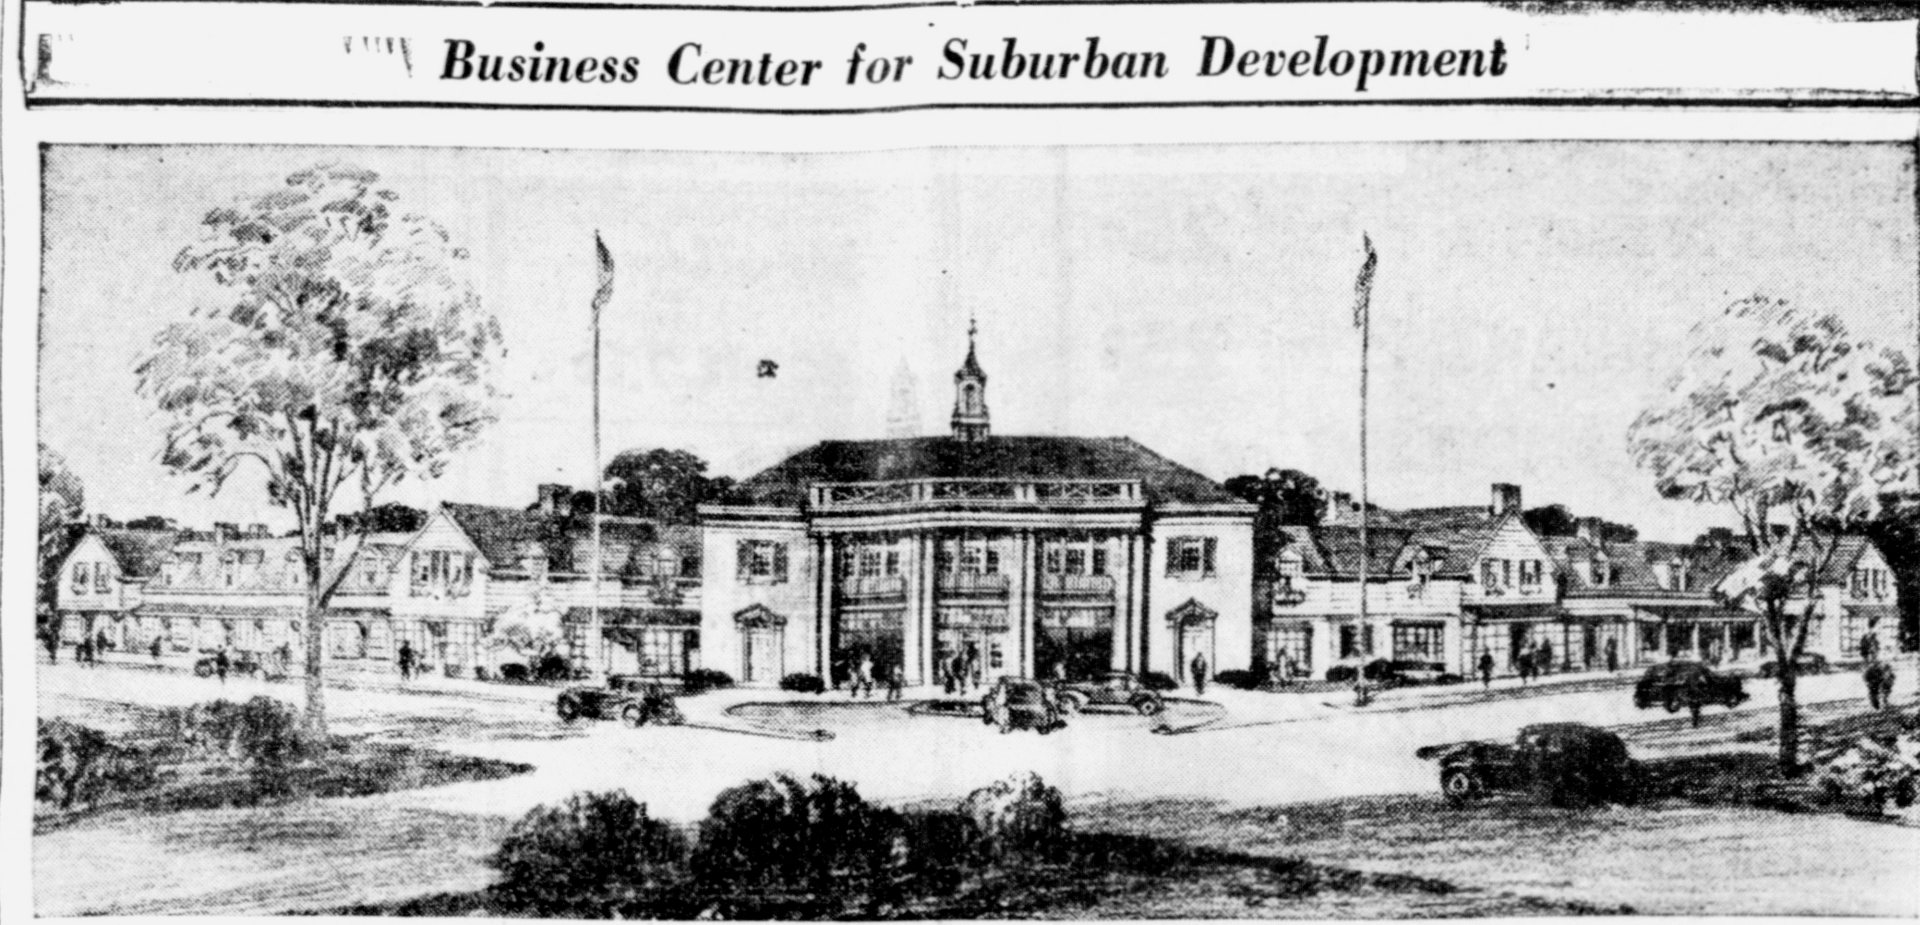

The hero of this story was a junk man looking for junk in the vicinity of Arlington Park. Approached by an affable stranger who claimed that he was an officer of a company interested in demolishing the Hume Pipe Co. plant in the eastern part of Arlington Heights that had been used in the manufacture of tile for the big sewer, he "swallowed" the words of the stranger.

He offered \$50 for one pile of junk which he removed that day. Returning to the premises the next morning with a force of men to tear down the boilers, etc., he found that the police were waiting.

Owners of the factory are in New York and no complaint has been sworn out. In the meantime the junk dealer is being allowed by the police to spend his days at Arlington Park trying to catch sight of the man who sold him the "factory equipment."

TOWNSENDITES TO MEET

Anyone interested in the Townsend Recovery Act, is invited to attend a meeting that will be held at the Presbyterian church in Arlington Heights next Wednesday evening at 8 o'clock. The Rev. Boni of the Des Plaines Methodist church will be a speaker on the program.

This business and community building is to be erected at the northeast corner of Elmhurst and McDonald roads in the Smith & Dawson Prospect Heights development, one mile north of Mount Prospect. Designed by Architect Carl J. Kastrop, it will contain stores, a community hall, postoffice, and apartments. Entrances and stairways from the street to the suites will be eliminated. Stair halls will lead from the rear, thus giving more space for the store fronts. Parking space for customers and tenants will be provided in the rear.

Arlington Society and Club Events

Friendly Class Dinner

A Friendly class dinner will be held at the Presbyterian church next Tuesday evening at 7:30. Tickets are selling at 50 cents for adults and 25 cents for children under ten years and may be obtained at Sieburg's Drug Store, Watson Beauty Shop, Schmidt's Market, and from members of the organization.

LOCALS

Jack Weber is full of plans for a gay visit to New York. Good luck, Jack.

Mr. and Mrs. Ray Salzman and two youngest sons are enjoying Texas to its fullest extent.

Mrs. Stella Jones and children are sojourning in Oklahoma.

Mr. and Mrs. M. B. Pendleton are the proud parents of a ten pound baby boy, born Tuesday morning at St. Francis hospital.

Ask Chris Busse if he and Adolph Wille were trying to pull a "Corrigan" the other day. Their plane was not the very latest either.

Mr. and Mrs. M. Oliveson and son, Bob, are vacationing around and about Spooner, Wis.

Little Miss Mildred Wilson celebrates her seventh birthday Thursday, July 21, by entertaining her little friends with a gay party. Congratulations.

Mr. and Mrs. Arthur Skelton will sojourn to Manhattan, Kansas, for a week's visit with Mrs. Skelton's sister and husband, Dr. and Mrs. Balding.

Congratulations and best wishes to Earl Cosman and his bride, who were married Saturday.

Mr. and Mrs. Ben Ivers were visitors in Mt. Prospect on Monday evening.

Mrs. Thomas Coleman of Stonegate was injured in an automobile accident last Tuesday evening at State road and Northwest Highway in Arlington Heights. Her many friends wish her a speedy recovery.

Mrs. James Doyle of Searsdale and Mrs. E. D. Baskin of Mt. Prospect, playing on the Kildeer team each won their match at the Evans-ton Golf club on Monday.

Mr. and Mrs. Vaughn C. Bacon and children spent part of their vacation camping at Cayuga Lake State Park, New York.

Elroy Seegers, 7 year old son of Mr. and Mrs. John Seegers, former residents of Mt. Prospect but now living in Palatine, passed away at the County hospital Tuesday, July 19.

On Monday evening Robert Luckner attended the meeting of Victory Post of the American Legion, where he gave a report on his trip to Boy's State at Springfield, Ill.

The Hostess Luncheon July 14, in Presbyterian hall, was a pleasing success in attendance, the wholesome, satisfying menu and the program given when the guests went into the auditorium and were entertained with a little drama eight members of the aid composed the cast. They gave a fine entertainment heartily enjoyed by their audience, although they were in doubt which was "the bad egg," the one slipped into the cake by accident or the husband of a new member of the aid. They all lived happily ever after and all who labored to give a cheery program, deserve a vote of thanks.

Jerry, son of Mr. and Mrs. Hy. Collignon, was 3 years old July 16, but sickness caused his party to be postponed until Friday when his relatives met in the home of his grandparents, Mr. and Mrs. Fred Giescke, So. Dunton and gave Jerry a happy birthday with a fine cake and all a little boy enjoys.

Remember the Friendly Class

Raymond Albrecht sent a message to his home folks that he arrived in Oakland, California July 18, after a fine trip with various new experiences and he expects to go to Los Angeles and is anxious for a word from home.

Mrs. Ed. Leicht, Jr., N. Dunton, entertained Margaret Schumacher of Indianapolis, Ind. over the weekend. Mr. and Mrs. F. P. Townsend of Rogers Park, parents of Mrs. Leicht, spent a few days during the week at the Leicht home. Mrs. Leicht and her mother recently returned from a trip to Denver and through the Colorado Rockies.

Mrs. A. L. McElhose had a pleasant surprise Sunday when her nephew, Walter Peterson and friend, Wallace, cycled out to visit the McElhose family and later Royal Reimer and Raymond Jodick motored in and joined the family group.

Mrs. C. E. McWharther gave her Sunday school class of girls a treat Saturday, beginning with a visit to the Barrington swimming pool, later a picnic at Deer Grove. An ideal outing enjoyed by all.

Mrs. A. L. McElhose was hostess to a company of fourteen alumni of the National College when they met in reunion Saturday, July 16. They are a fine group of young people with a life interest in their profession. They came from Indiana Oak Park and city places. They expressed appreciative enjoyment of the McElhose hospitality.

Mr. and Mrs. W. J. Hefferen, Mrs. Schaefer and Miss Ruth Hefferen went to Des Plaines Sunday and attended the annual picnic of Northwestern railway employees in Northwestern Park. They were greeted by many friends and enjoyed the program and social occasion.

Primary department of Presbyterian Sunday school served ice cream and cake Friday evening to a goodly number of patrons. Tables on the lawn were prettily arranged, flowers and other decorations in white and gold. The small maidens served generous portions of cake and ice cream. Their teachers helped prepare the food and all worked harmoniously.

Remember the Friendly Class dinner July 26.

War-ridden China is appealing to American Christianity for aid in the desperate plight of its starving, wounded, sick, homeless masses. We are confident that this pitiful appeal will not fall on deaf ears. A sense of gratitude to God for all the blessings of peace we enjoy in prosperous America will prompt every sympathetic Christian to respond with a generous offering. Members of the church will have an opportunity to express their love in a special offering at the close of the services on Sunday morning. "Whatsoever ye have done unto the least of these my brethren, ye have done it unto me!"

Continuing the sermon series on "Gems from the Psalms" the pastor will preach Sunday morning at 11 a. m. on the 90th Psalm. His subject is "When Life Seems Worthwhile."

Palatine Stables Win At Arlington

Tuesday was a big day for Palatine owned stables at Arlington Park. Two horses owned by Palatine lady owners came down in front that day.

In the third race Lady Flash owned by Mrs. R. B. Allen, whose husband maintains a large training stable at the Dean farm, defeated a stylish band of three year old fillies to win by four lengths.

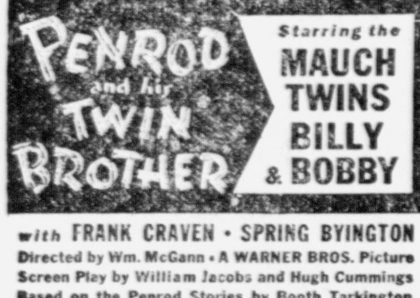

In the eighth race Abdicator from the stable of Mrs. E. M. Flaherty came from behind in a beautiful stretch drive to win by half a length.

Abdicator, which had never won a race, had been showing signs in his recent races and his victory was popular with a large number of fans, especially so as the pay off price was \$24.20 to win.

Lady Flash paid \$7.60 to win, so the backers of Palatine owned horses had a successful day.

THE HERALD? QUESTION BOX?

The Herald is in receipt of inquiries that it can not answer and respectively turns them over to the village question box. Here they are.

The village and park district boundaries are synonymous. The same tax payers support both. Nature has provided the water supply from which Arlington Heights obtains its water at a small cost per gallon. The park district needs a considerable amount of that water and is willing to pay a rate equal to its actual cost to the village. Is not the park district entitled to a special rate?

There are owners of large homes in Arlington Heights who are in danger of losing those homes unless they can be made income producing. Present village ordinances prevent their remodeling legally. Some property owners have had the nerve to do it anyway. Others are more law abiding and are placing their faith in the ultimate change of either policy or village ordinance, possibly losing the opportunity to use some of this easy Government money to modernize their homes.

Why not face the situation fairly and either prosecute those who have said "to heck with the building code," or grant similar rights to those who are forced to keep up a home that is several times too large for their use?

The more available flats, the more people will move to Arlington Heights, the more business and the more taxes.

I admit that an owner of an auto should have a garage in which to place it. However, a non-owner is entertaining guests with car who stay over night. There is no parking garage in Arlington. If the car is left on the street, a ticket is issued.

What should the host do?

The park board does not allow a group of working men who would enjoy a half hour of ball playing during their noon hour to use the adjoining park. A carnival comes to town and is allowed to use the park.

Are the parks for local people or only for the outsiders?

NORTHSIDE FARM BUREAU TEAM EVENS SCORES WITH SOUTHSIDERS

After being defeated six to one by the farm bureau ball team from the southern part of the county, the northsiders came back Saturday afternoon at the Arlington Recreation Park and defeated their rivals 4 to 1.

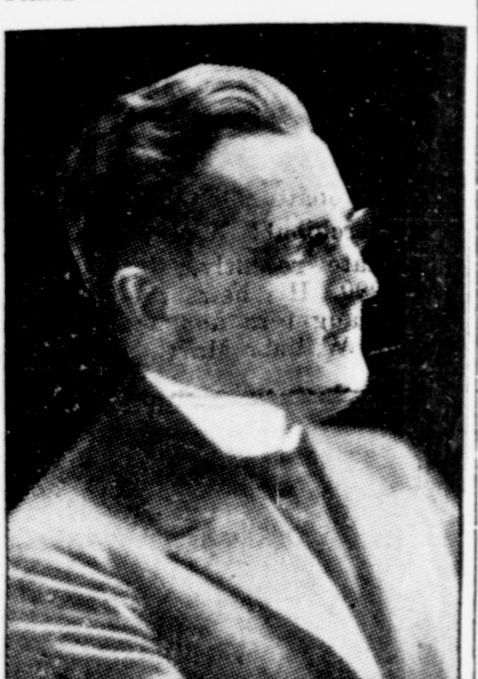

NILES ESTATE PROBATED

The will of the late Marie Ruzicka who died Feb. 23 leaving a \$1,500 estate, has been admitted to probate. She left \$500 to Herbert Vesely for services and affection rendered and gave the residue of the estate to Anton Martinek, her brother. Both heirs live at 7336 Waukegan road, Niles.

Peace Movement Needed To Prevent World Conflagration

—CAPT. TODD

Capt. Todd took as his subject last Sunday at St. John's Episcopal church—"The Bridge Builder." He said that many old bridges are being replaced because they can't stand the terrific traffic of the new

CAPT. TODD

age. Which is a parable. We must also build new bridges with longer spans flung across the chasms of ignorance, suspicion and misunderstanding or the world is in for a bad time of it.

He spoke of the world spanning on the part of Howard Hughes and said that, thanks to modern science the globe is shrinking in size. Countries are drawing nearer to each other geographically, but, unless the races of the world are also drawn together in a better understanding of each other, as sure as day follows night, there will be another world conflagration. As never before, we need the Bridge-builder, the ambassador of peace.

Capt. Todd's text was the beatitude—"Blessed are the peacemakers for they shall be called the children of God."

Autoists Gypped In Gasoline War

Cheap and Adulterated Fuel Is Being Dispensed as "Bargains," Officials Reveal

The gasoline "bargains" available to Chicago motorists because of the filling station price war not only are not bargains, but, in many instances, are a gyp, it developed today.

Wholesale substitutions of the rankest kind of gasoline, and dilutions of gasoline with nontaxable kerosene and fuel oil, are being practiced, authorities declared.

Frank Lanser, chief inspector of weights and measures for the city, and C. E. Ragen, president of the Gasoline Retailers' Association, both agreed on this.

Unfortunately, declared Lanser, there is not much the city sealer's office can do in the situation, as the law restricts its activities to short weight detection and prosecution. He said the only approach to the problem that he could think of would be complicated, and would require prosecution by the state's attorney's office for obtaining money under false pretenses.

Lanser cited an instance in which two of his inspectors pulled into a station and ordered five gallons of ethyl gas, for which they were charged \$1.12. They soon determined that the "ethyl" was the lowest grade gas, which the station was offering for 78 cents. They remonstrated with the operator, who then admitted that he, as well as countless others, was practicing this dodge to save themselves from extinction in the price war.

Lanser declared that at the moment it was "pretty hard to get any regular gas."

Gasoline whose gravity and octane ratings make it low grade has been selling for the last year at seven to eight gallons for \$1. Since the price war (affecting only standard grades) the standard brands have been cut generally to an average of six gallons for \$1. But where stations are substituting this cheap gas, the consumer is getting a poorer deal than if he ordered cheap gas in the first place.

Lions To Picnic August 11

The big joint picnic of the Lions clubs from Barrington to Des Plaines, will be held Thursday, Aug. 11 at Lake Long, Delavan, Wis.

For many years the Barrington club has been holding a daily outing at this popular resort and this year the affair will be made a sort of district picnic for all the clubs in this territory.

All sorts of games and amusements will be played and it will be an all day and evening affair which will give the Lions of this territory and their families a chance to become better acquainted and to enjoy the day together.

Grace Prellberg Earl Cosman Wed

The marriage of Grace Prellberg, daughter of Mr. and Mrs. Fred Prellberg of 1509 Henry avenue, Des Plaines, to Earl Cosman, son of Mr. and Mrs. Harvey Cosman of Mt. Prospect, was solemnized at the home of the bride's parents last Saturday at 5:30 p. m.

The Rev. G. W. Goebel, pastor of the Christ Evangelical church, read the service in the living room which was banked with palms and baskets of gladioli for the occasion.

The bride given in marriage by her father, wore a shell pink dotted net gown, and carried a spray of sweetheart roses and lilies of the valley, and her head dress was a shoulder length veil of pink tulle falling from a halo of carnations. Miss Dorothy Bender, the only attendant, wore a pale green organdy gown, and carried a spray of yellow tea roses. Norman Pohlman of Mt. Prospect attended the groom as best man.

The wedding march was played by Mrs. Ben Hageman who also sang "Because."

After the ceremony a dinner was served to eighteen guests at Esther's Coffee Shop in Des Plaines. At 8:30 a reception for fifty was held at the home of the bride's parents.

At 11 o'clock the newlyweds slipped away for a week's honeymoon in Wisconsin. After they return they will make their home with the bride's parents.

Both the bride and groom are employees of the Chicago & North Western railroad. The bride at the Ravenswood office and the groom at the Wells street freight office.

It Happened Here

Darkness settles like a mantle—the circle of trees, oak and basswood, press closer to the house as tho a gentle presence were putting up the bars of the fold—worry and fear sink off into the shadows, cheated of their prey for a season—fireflies weave to and fro carrying their greenish lanterns thru the shrubbery and the hedges, glinting in the dew-wet grass, showing a beacon in the treetops, signalling, signalling—the mourning doves call antiphonally from the deeper darkness, earth's most soothing lullaby—a heady perfume rises from the honeysuckle vine and the dimly white elderberry bushes—the owl quavers eerily and its voice weaves an enchantment of bogies—lightning flickers from different points of the horizon, and a soft susurrus rises among the trees as tho the weary season sighed and turned over—the rising moon, glimpsed thro the underbrush between the tree boles, is a vaporous and red-faced river god from the misty creek and hung with dripping weeds and rushes—again a leap of lightning and the uneasy stirring of the trees—something is imminent, something familiar but awaking—now, but later, the heavens will be lighted with the glare from Vulcan's furnace, the old "tater wagon" will rumble overhead and the rain will sluice from the eaves. . . . It is the high tide of the year, a promise fulfilled in such luxuriant measure that even the waste places are deep in grass and reeds; there is no barren spot—the hedges are a tangle of vines where wild roses lurk and the purple bergamont spreads in rich profusion—ripened wheat is ruddy gold and the corn rows run in silvery green ribbons to the edge of the woods and back—quail are calling from the fence corners and their musical bob-white halts the man with the cultivator—hollyhocks do sentry-go by the picket fences and spring up in the gold of the ripening oats—in this field, oats are cut and shocked—it is the high tide of the year, it is the turn of the year—July is going down the other side with a sheaf of grain in her arms and a twist of whiteweed in her hair.

Mr. and Mrs. Harry W. Ator left Tuesday on a lake trip to Escanaba, Mich., where they expect to spend a month hoping Mr. Ator may recover from his bad siege of malaria.

Mr. and Mrs. French and daughters of LaGrange visited Mrs. Hawks and daughter last week.

Mrs. Wm. Pochs and children and Miss Lillie Reed of Maplewood returned to the city after visiting their parents, Mr. and Mrs. R. Reed a week.

Mr. Chidley and daughter, Viola, of Des Plaines spent Sunday at Levi Wayman's.

Henry Sieburg and Miss Allie Fairchild attended the C. E. convention at Champaign the past week.

Miss Bessie Slavy of Chicago visited her friend, Miss Rose Dusech, the past two weeks.

Miss Alma and Anna Troyke left Thursday for Gilman, Iowa, to visit a week with Rev. Heine and family, formerly of Rodenburg.

Mesdames Aug. Pförtmuller, Grandma Leisburg, Conrad Bartels, Louis Beisner, Fred Mensching, Conrad Biesterfeld, Wm. Marquardt, M. D. Meyer, helped Mrs. D. Ewald celebrate her 57th birthday Tuesday afternoon.

Gus Kuecker and wife welcomed a little son, July 1.

The piano pupils of Miss Jennette Lawrence give a recital at the Presbyterian church, Friday evening, July 17.

Charles Owens and son, Frank, took a trip to St. Joe, Michigan, last Saturday.

Fred Huenerberg, Lea Baker, Ed. Batterman and Conrad Niedert are camping and fighting mosquitoes at Lake Zurich.

Mr. and Mrs. C. D. Taylor and daughter, Clara, spent the past week at Springfield, where Mr. Taylor attended a meeting of the board of auditors of the supreme court of the Court of Honor.

Henry Langhorst will be manager of the Thies Mercantile store purchased recently by Mr. Spiegel, of Elgin.

Steve Chantrell of Chicago spent Sunday with his sister, Mrs. M. Reynolds.

Manufacturers are improving cars every year. Highway commissions of all states are improving roads. But the human being does not want to be improved in his ability to drive and walk carefully.

People are still trying to compete with trains at railroad crossings. Many motorists still claim the right of way after an accident. Many still insist they can pass other cars on hills, curves, and dangerous crossings. Too many motorists feel that after they once start to cross an intersection the pedestrian has absolutely no right. The improvement in cars and highways goes on, but the in-

creased amount of horsepower in an automobile does not justify the decreased use of horse sense by people. It's up to the individual, whenever he takes hold of that wheel, to drive safely and to drive courteously.

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"Why are Bankers usually conservative?"

A BANK is a semi-public institution. It receives money from depositors and lends that money to borrowers. In order to safeguard the funds of depositors a bank must be conservative in loaning their money.

Banks are anxious to make good loans—for their livelihood is derived primarily from this source. Yet safety—not profit—must be the first consideration. Consequently, it is not the function of a bank to indulge in speculation, or to make speculative loans, however promising they may seem.

Conservative banking policies do not, however, stand in the way of genuine community progress. In fact, they go hand in hand. The permanent, carefully-built progress of any community—not the false, temporary progress of sporadic booms—is dependent usually upon the alert foresight and conservative, experienced judgment of its business men and bankers.

Arlington All-Stars Test Palatine

Two Crack Softball Teams Meet Next Wed. At Recreation Park

On Wednesday, July 27, Palatine's All Stars will come to Arlington's Recreation Park to play Arlington. Everyone knows the rivalry that has existed in all athletic contests in former years, but this is the first time that the cream of Palatine players will play Arlington's outstanding stars.

The game is going to be a nine inning affair and will start at 7 o'clock. In looking over the caliber of the two teams, the game looms as a tossup. These same Palatine boys lost a tough 3 to 2 decision to Busse's Buicks earlier in the year and Busse's are considered the class of this vicinity. The starting batteries probably will be Luerssen and Weisgerber for Arlington and Gray and Philbin for Palatine.

Aug. 2—Heidorn vs. Vogue.

Aug. 3—Buffalo vs. Rose Lo.

Heidorns Trounce Leos

Heidorns scored 17 runs on 8 hits to defeat Leo's Barber Shop 17 to 5. Thirteen of Heidorns runs were unearned.

Rolle Koenig and Doug, Milligan starred for Heidorns. Rolle had 2 doubles and Doug, a home run and single. Cowboy Meyer also got 2 hits. Charley Nick led the losers with a pair of singles.

Arlington All Stars Lose Again

Des Plaines dealt Arlington its second straight defeat by a 8 to 6 score. It was an interesting ball game with Arlington rallying in the late innings to come within 2 runs of a tie.

Arlington had the winning runs on base in the ninth, but Hildebrandt struck out the last man in the inning to stop the rally.

Evergreens Score Gaeres

Gaeres had stiff opposition for four innings and then Evergreen folded up and let Gaeres coast to a 12 to 6 victory. Gaeres piled up a 6 to 1 lead in the first 4 innings and it looked like an easy victory and then all of a sudden Evergreen scored a run and had the bases loaded and V. Pingel came to bat.

Pingel ran the count to 3 and 2 and then slashed a liner over C. Huber's head for a home run. That hit tied the score, but Gaeres came right back to score 6 runs in the next two frames to put the game on ice.

Rose Lo Drubs Leo's

Rose Lo didn't have to play much ball to win by a 20 to 7 score for Leo's cooperated to such an extent that in the second inning, Rose Lo scored 4 runs on 4 errors and 1 walk.

Colby, Boeger and Duenn hit H. R. for Leo's. Art Luerssen set down 12 men in a row in the 4 innings he pitched.

Rotation of Planet Jupiter

Because the planet Jupiter is not a solid body, all parts of it do not rotate in the same length of time. There are at least eight different periods of rotation in the planet.

Great Horned Owl's Habits

The great horned owl is one of the greatest enemies of rabbits and game birds. It lives by talon and beak, subsisting principally on small warm-blooded creatures.

Red Wings Drowned Out in Sunday Game

The Red Wings tried their best to get the local diamond in shape to play Sunday, but to no avail. The rain of Saturday night, soaked the diamond to such an extent that the mud was ankle deep in places. The sun refused to come out to dry it off. The opposing team was on the field, and the game wasn't called off until they looked the field over and decided it was no use to try to play ball.

On Thursday, July 21, the Chicago Firemen will be here to play a twilight game. This game will start about 6:30 o'clock. Let's have a big crowd out to this game, and help the Red Wings get revenge for a previous defeat by the Firemen. As far as I know Prussing, the Firemen's star pitcher, is slated to pitch so that means the Red Wings will have to be on their toes.

On Sunday, July 24, the Chicago Cardinals will be here. This is not the colored Cardinals that we opened the season with, but an up and coming ball club who have been setting quite a pace in the midwest league. This game will be called at 3 p. m., so let's all be on hand.

The Red Wings have decided to enter the cup race which will begin either the first or second week in August. The Red Wings have entered into this competition for a number of years now, but so far they haven't come out on top. Maybe this is the year.

Don't forget the Firemen game Thursday night, and the game for Sunday. See you then.

Precautions For Swimmers

With 7,000 death-by-drowning warrants signed and sealed, delivery awaits only the right combination of sweltering days and careless swimmers, according to the American Red Cross life saving service, which has done more than any single agency to reduce the annual occurrence of water accidents. Last year approximately this number of drownings were reported in the United States.

D. Melville Carr, director of life saving in the Chicago chapter, suggests the following safety precautions:

"Learn to swim correctly.

"Swim only at supervised places.

"Swim only within easy reach of safety.

"Wait two hours after eating before entering the water.

"Do not try to show off skills not possessed.

"Never swim alone.

"Avoid long swims.

"Never dive into muddy or shallow water without first exploring the bottom with the feet.

"If caught in a swift current, swim with the current, making for the shore at an angle.

"Avoid changing seats in small boats.

"When a boat overturns, stay with the boat.

"In paddling a canoe, keep the weight low in the boat."

The Chicago chapter in cooperation with the Chicago Park District, is now conducting a series of courses in safe handling of small craft.

"Silver" And The Lone Ranger Here In Person Sat., Sun.

News that "Silver" the famous movie horse and the Lone Ranger are to appear in Wheeling in person next Saturday and Sunday, is spreading fast among the young bloods of this section, and their hearts are fluttering with excitement over the prospects of seeing this famous couple in action.

Under the sponsorship of Harry W. Hart, who operates the Mish-Mokwa Camp for children near Wheeling, a huge wild west Rodeo featuring not only this famous pair, but scores of other well known riders, is to be held on Milwaukee avenue, one mile north of Wheeling on Saturday and Sunday afternoons at 3:30 p. m. Fourteen acts are on the program, and many hair-raising occurrences are guaranteed as the riders perform their acts of steer roping, broncho busting, roping and fancy riding. Plenty of free parking space is assured and the admission price for children is only 15c.

Arlington Classic Is Saturday

Gold Cup Race Is Called Off

Arlington Classic, the championship three year old race of the year, will be held at Arlington Park on Saturday.

The proposed gold cup race for the handicap championship has been called off by Arlington officials because not enough top line horses were likely to be entered. This race was to have been held on Thursday July 28.

With the Gold Cup race out of the picture, the attention of the race fans is now centered on the Classic Saturday and the Arlington Futurity to be run a week from Saturday.

The Classic field will bring together the best three year olds in training.

Laurin, winner of the Kentucky Derby and Dauber, winner of some rich eastern stakes, will not be in the picture as both have had training mishaps and are out of training at present. With these two stars on the sidelines, the Classic at the present moment seems to be pretty much at the mercy of the Chief and Stagehand, the M. Howard entries which are trained by Earl Sande, the famous jockey of other days.

Sande has developed into as good a trainer as he was a jockey and with Stagehand and the Chief both in the Classic, he looks to hold the winning hand. At any rate the Howard entry is the one that must be beaten before any other horse gets the Classic crown.

But there will be other star performers in the big race, H. P. Headley's Menow is a real threat and there are a lot of other good ones in there that may spill the beans.

The Classic of 1938 will have plenty of "Class" and the race fans have a real treat in store for them.

Reservations for Classic day are near the record and another huge crowd is bound to turn out Saturday to witness the Classic and a fine supporting card.

The probable classic field is as follows:

Horse	Jockey
*Stagehand	J. Westrope
*The Chief	G. Woolf
Menow	E. Arcaro
Bull Lea	I. Anderson
*Fighting Fox	J. Longden
*Storm Seud	W. D. Wright
Nedary	N. Wall
Mythical King	K. McCombs
Wise Fox	P. Ryan
Elotoo	T. P. Martin
Blind Eagle	J. G. Wilson
John One	A. Robertson
Teddy's Comet	E. Steffen
Invincible	J. Roscn
Fairfax	N. Parisio
The Whale	C. Rollins
*Maxwell Howard entry.	
†Blair-Wheatley entry.	

True Story of Fantastic Cult In "Lash Of The Penitentes"

"The Lash of the Penitentes," opening Tuesday and Wednesday, July 26-27, at the Arlington Theatre, will bring to your very own eyes, for the first time, the tragic love story of a beautiful girl, who for the sake of the man she loved, ran the gauntlet of shame; was cruelly punished by being crucified and lashed. It is a story of love, hate, passion and intrigue. It is a spellbinding screen exploitation of

a bizarre primitive people... fantastic and unreal but absolutely true.

The actual scenes of the rites of this cult, photographed for the first time in the history of motion pictures, cost the lives of two men; a newspaper reporter, who joined the cult in order to learn its secrets and who wrote it as an eye witness and a cabin boy who betrayed him.

Startling facts... flagellation... crucifixion... authentic and amazing... unbelievable but true... You have read about this cult

in "Time," "Liberty," and "The Literary Digest." Now you will see the actual scenes taken on the spot of practices hidden for years. For adults only.
